GOFF'S WELL AN INCENTIVE

On Rock Camp run, Sardis district, this county, Judge Goff's No. 39 on his own farm is producing 50 barrels a day from the Gordon. It numerical order this is the judge's No. 39, but in fact is No. 3 on this farm, and is considered of considerable importance. The farm contains about 1,000 acres and has not been fully tested. The size of the well just completed will be an incentive for further development work.

A mile east of No. 39 the Philadelphia company is drilling a test on the Swisher farm. There is room for a pool of some kind in that locality and the territory will receive some attention.

In the Salem district the South Pean has completed its No. 1 on the Clyde Bailey farm and the hole has filled up 1,800 feet with fluid. The same company has drilled its second test well on the A. E. Davis farm through the stray sand and the hole has filled up 600 feet with fluid. It will be given a shot today.
